

April 2019

Dear Parents,

Welcome back to our third and final term! It is hard to believe how quickly this year has gone, with lots of achievements and events already under our belts to be proud of! This term will be no different. Please keep checking our Facebook page and website for all of our dates so that you do not miss anything.

Since our last postcard we have also had our whole school 'rounded and grounded' days. There was a real buzz around school. You will have noticed our new pebble path (get your child to point out their pebble) and paper willow sculptures hanging in school. This term every pupil in the school will cook and we will be selling our very own recipe book to parents created by the children.

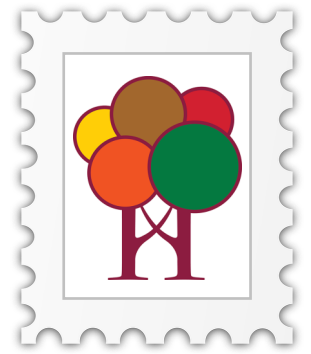

Our greenhouse has been erected in our courtyard. We would like to say a big thank you to the HUB for purchasing this. Already we have courgettes, beans, strawberries and cucumbers growing. This term each class will be having an eco-afternoon on 21st May. During this afternoon there will be a junk modelling competition. Each class will create an animal to share. All of this learning links to our rights respecting learning 'the right to the best health care possible, safe water to drink, nutritious food, a clean and safe environment and information to help you stay well'.

A big thank you for continuing our super attendance this term, ensuring your children are on time and look smart in their uniform.

As always, please do come and speak to me or the rest of the team in the playground.

Kind Regards,

Lisa Tweed
